- Q-tips
- New Mascara
- Medications/Doctors release (If requested)

PRETREATMENT INSTRUCTIONS:

- No chemical resurfacing agents/lash perms/Keratin tx/Latisse on or around eyes for 10 days prior to treatment.
- Bring your eyeliner with you to all appointments.
- Face must be clean when you arrive for pigment placement.
- Bring pre-purchased supply products with you to your appointment.
- Do not wear contacts or curl your lashes on the morning of your procedure.
- Bring eyeglasses or sunglasses to wear home from procedure.

POST PROCEDURE INSTRUCTIONS:

- Apply wet cold tea bags (regular, non flavored/plain ex: Lipton) directly to your eyelids. (Optional)
- DO NOT allow tea bags to dry on pigment sites.
- Apply Bacitracin with Q-tip 1-2 times a day. You can switch to A&D on day 4.
- Apply Bacitracin under top lashes, over top eyelashes and under lower lashes in one swiping motion.

- Do not apply makeup on brows until scabs are completely gone and area is completely healed.
- No picking, scratching, rubbing or peeling of skin or scabs.
- Stay out of the wind/sun, no yard work or dirt or dust exposure. No physical labor for 7 days.
- No working out until eyes are completely healed (sweat is an acid=removes pigment) 5-7 days.
- **Remember** the sun, wind burn and skin resurfacing (RetinA, Tretinoin, AHA & BHA) products will fade your PMU.
- Your touch up can be scheduled no sooner than 8 weeks after first application.
- Your touch up **MUST** be scheduled & completed **NO LATER** than 90 days after first application.
- If you fail to schedule your 2nd application & pass your 90 day mark there will be additional fees.
- *****If you have taken a sedative you will be REQUIRED TO HAVE A DRIVER to drive you home *****
- Your PM eyeliner is expected to last 18-24 months and remember your annual retouch fee is \$200

Please call me with any questions and concerns and Thank You for choosing Skin Studio OKC for PMU!
